S MAZEL was arrested on a charge of being guilty and discharged. Robbing an Emigrant.-A robbery wa

prought to light yesterday which is but one of the many practiced upon the unsuspecting emignant by the insatiable sharks who prow around him from the moment he sets his foot upon this "Land of Liberty." We are inclined to think there are more of the rescals under the guise of tavern keepers than any other, and it pleases us to see the fellows brought to justice. A short time since a German came to this city on his way from the old country to the "West." this evening at Treat's Hall at 7 c'alock. MESSRS. EDITORS : -- I contess my surprise that Mayor Cross is so suspiciously silent in regard to that loan. He and his friends and his newspapers, have announced that he borrowed a certain sum (some say \$25,000, others some \$50,000) on our city credit at 12 per cent,, for city uses. If this be so, does not the Mayor owe it to the Common Council, to our tax-payers and to himsell, to make public the facts? Is he at liberty to use this money, borrowed for the city, as he pleases? Can he, for instance, deposit it in the Juneau Bank, of which he is president, to check on at his discretion, or to repay advances, say, made by that bank to the city? I put this case hypothetically, in the hope that Mr. Choss, as President of the bank, will see fit to explain, even if Mr. Caoss, as Mayor, should maintain a dignified silence. MISS DAYENPORT AS " JULIA."-MISS DAYES. Why will not the Sentinal correct all, as well as some of the blunders? Put John Gibb of Jefferson, down as a Democrat, change the name of Wm. P. King for that of David Roberts, in Waukeshs, and give us Z. P. Mason in Sheboygan. The result will be 47 Democrats and 50 Kepublicans—which is as well for the Republicans as any figures can make the Assembly. It of acting has ever been seen in our city, at the Metropolitan Theatre last evening, as Jalian, in "the Hunchback." There was a very good house, the far short of what we hoped to see. Those present, however, enjoyed an unusual treat. To-night Miss DAYENPORT appears as Parthenia in the favorite play of "ingomer." We hope to see this admirable actress greated by an overflowing house. As her engagement terminates with the week, those who wish to see her should improve the opportunity.

Correction. - In our Common Council Report. yesterday, we erroneously stated that the Chairman of the Harbor Committee presented a report relative to the default of the M. & M. R. R. Co., which should have read "Chairman of Railroad Committee," &c.

By the Goyernor,OLES BABHP-RD.

D. W.Jossas, Secretary of State.

The Sentinel has raise Hopes.

That Journal, previous to the late election, conndently and repeatedly asserted that the Kanasa al surrender of the Pro-slavery men, who, according to the News, had abandoned all idea of establishing slavery in Kansas. Remembering should growl at the Sentinel for publishing forcing Slavery upon Kansas, the Border Ruffians and Slavery propagandists are note intent upon that scheme than ever. They have just adopted a Constitution legalizing slavery, and they have resolved not to submit that Constitution to the People: - And this is the work, not of-"a few mischievous zealots," but of the "National Democrats;" who-compose exclusively the Convention. That they have done so, in open diaregard and deliance of the popular will, as the News avers, is very true. But this is no novelly, since they have pursued the same course ever since the tide of emigration set in towards Kansas, and have been encouraged and sustainted in this warfare against "Popular Sovereignty," by two successive Democratic Administrations. The News, indeed, discovers symptoms of re-

pentance and hopes of reform, in the recent action of Gov. WALKER with regard to the bogus vores in Johnson and McGhee counties; and it evers that in this first show of fair play towards the Free State men, Gov. WALEER is endorsed by President Buchanas and the "National De-V mocracy." It does not so appear. Indeed the very reverse la strongly suspected. It is notorious that Democratic Governors, and Democratic Congressment and Democratic presses, all over the South, are urgent for WALKER's "knoval and those who know what life-long Doughfaces President BUCHANAN and Secretary Cass have been, teel no confidence in their resisting this pressure. True, thro fear of the North Mr. Buchanan will probably not remove Wal-KER; but to pacify the South and still its rising clamor, he will doubiless rebuke blio.

"The News, which was so positive that all idea of making Kansas a Slave State and been share doned; is now equally confident that if the Pro-Slavery Constitution which has just been framed by the "National Democratic" Convention, shall be sent up to Congress without being submitted to the People, it will be returned by that body for approval, for rejection by the bona fide resithat is the result, it will be due to Republican votes and the Republican Party. Without their efforts and organization, Kansas to-day would · bave been a Slave State; and should the Republicans, content with this one great triumph for Freedom, Humanity and Justice, abandon the field to their opponents, not a year would elapses before we should again see the Slavery Propaganda as active, urgent and unscrupulous as ever, in all the Territories of the Republic, and the " National Democracy" aiding and shetting then; It is the Republican Party and that alone, which opposes a formidable barrier to the extension of Slavery and they should never rest from their labors until the triumph of FREE Dox shall have been permanently secured.

THE ARGUS SUSPECTING "FRAUD."-The Madison Argus, disgusted with the general look of the official figures, gets off this refreshing para-

The Republican counties also fall off from the first reports, hough not so heavily as the Democratic counties. 'W are glad, nevertheless, to see the Argus so intent upon watching the official canvass, and denouncing "foul play". Interesting Items—The Mormons Bound to Fight
—Letter from an Officer. A correspondent from the United States lamp to the Cincinnati Enguirer, under date of Camp on Sweet Water, October 18th," writes:
Col. Smith of the 10th infantry, with a portion obl. Smith of the form maintry, which portion of his command, consisting of about sixty-five men, rank and file, are engamped here, for the right. Lient J. T. Lee, with fity men, were lets at Laramic to except Governor Camming or, when he comes that far. Our camp is thirty five miles, east of Pacific Springs, which are the first maintry trait was so by the west side of the miles east of Pacific Springs, which are the first that empty near waters on the west side of the South Paes. An express has just reached us from Grand River, bringing news to us as unexpected as it is important; and I avail myself or halt to give-you a succinct statement, for the public. The Mormon problem is solved at last. They have seized upon the very first opportunity afforded them of perpetrating in act of war.—On the night of the 5th inst., about 10 o'clock, they seized and destroyed, seventy eight heavily loaded wagons, containing Government supplies for the army. The wagons and teams were the loaded wagons; containing Government; supplies for the army.c. The wagons and teams were the property of Mesers. Rassell & Waddle, contractors. The trains were some forty miles distant from each other. This proves: that, there were more than one company of Morinous. My informant says that the notorious, Destroying Angel, Bill Hidsman, commanded one and — Locksmith the other party, of about 80 men each. One twill not twenty-six wagons; was destroyed sixty-one inites west of us, and the other of fity two wagons, was taken near Green River, thirty miles west for Col. Alexander's train.— There were no soldiers with these trains, and the teimsters offered no resistants. For their ducility in this respect, the Mormons gave them one wagon and some provisions, with which to make their way back to the States, and burnt the residue. They profess to have between the Devil's Gute, on this river, and the Mormon Ford on Green river, seven hundred men under arms.— Green river; seven hundred men under arms. Green river, seven under a men under arms.

On hearing of the loss of the trains, Colonel Allexander, who was encamped on Hum's Ford, sent Capusin Marcy with four hundred men back to Green river, and encoled the founders to collect their cattle and take them on to head quarters.

He also sent of a Frenchman to us — On the next day they ordered a. Mr. Ficklin, of Captain.
McGraw's party, to return back and not advance,
and aspired that that they had two men of Mc'Graw's party prisoners. These were men sent

There is yet pienty of provisions for us until

This the devil-satints may burn, unless the snow prevents it, and then our mules can profit little

by it.
Our force, rank and file, is about sixty-five men; but I am informed that the teamsters will be armed to-morrow with rifles; and made to stand guard over their trains by night. Our ex-pressman believes that we shall have to dight for our trains in a dayor two more, and it may-be so. It attacked, Colonel Sinith will fight to the last. There will be no surrender. One feeling pervades officers and men. Ool. California could give us supplies even in winter. I think the Mormons will attempt to emigrate

I think the Mormons will attempt to emigrate in the spring to the Sandwich slands or Vancouver. Let a close look out be kept for them. This is no camp news. It is, reliable, I believe. I regret I cannot write more particularly. No civil appointer, except Morel, Postmaster, and Judge Eckles, of Indiana, have come on thus far, as yet. When General Harney and Governor Cummings will come, no one knows. We shall go on to-morrow come what may; and with or without orders if any party attacks. Col. Smith, you will hear a good report of him and his gallant little band. Be will fight.

Plan for an Improved Currency.

Boston, Nov. 7, 1857.

To the Editor of the N. Y. Tones:

The great interest you take in the subject of financial reform manifested by your own abletarticles on the subject, and by throwing open-your columns so liberally to the suggestions of others, induces me to call your particular attention to a system of State currency proposed by Mr. Reynolds, of this city, at a meeting of the Boston Board of Trade on the 4th inst. I inclose the promositions brought forward by that reguld. Beston Board of Trade on the 4th inst. I inclose the propositions brought forward by that gentle-man, and his remarks in explanation thereof.—
The plan is considered a very sound one here by some of our most experienced merchants, and among others, Mr. Reynolds stated that it was approved of by Hon. Nathan Appleton, [see Boston Journal, Nov. 5,] than whom we have no higher authority here in matters of this kind.
